

HIEU PHAN

Software Engineering Student · Frontend & Mobile Developer · Founder, Yulin Studio

Almere, Netherlands | hphan.tech@gmail.com | linkedin.com/in/hyutech | github.com/hphantech | hieu-portfolio-five.vercel.app

PROFILE

Final-year Software Engineering student (HBO-ICT) at Windesheim University of Applied Sciences, building accessible, kinetic web and mobile interfaces with React, Next.js and TypeScript. Founder of Yulin Studio, where I design, build and ship websites and webshops for small businesses end-to-end. Available for a graduation internship starting February 2027.

EXPERIENCE

Founder & Software Engineer · Yulin Studio · Jan 2026 – Present

- Lead software engineering across client websites and webshops, owning projects from design through deployment.
- Shipped and maintain live sites for clients including Chayue Tea, Jen's Bing, FU Dumplings & Noodles, Golden Fade Barbers, SØM Protein, Hoi Tin Café, K Station and LeadRadar, built with React, Next.js, Tailwind CSS and Shopify/Supabase where needed.
- Run a small core team (security, business/marketing, plus freelance engineers on larger projects) and manage client communication, scoping and delivery.

Mobile App Developer — Internship · Cyberaventura · Feb 2026 – Jun 2026

- Translated an existing cybersecurity-education website into a mobile-first app prototype in React Native.
- Designed a Duolingo-style, gamified learning flow with short lessons and games, matching the brand across phone-sized screens.

Co-Maker (Frontend) · SquareAim · 2024 – 2025

- Contributed to a prototype web agency project: a local football-planner app for finding and joining pickup games nearby.
- Built frontend flows for profiles, availability and meetups, and helped turn the client brief into a usable prototype.

SKILLS

Languages: TypeScript, JavaScript, HTML, CSS

Frameworks & Libraries: React, Next.js, React Native, Tailwind CSS, GSAP

Backend & E-commerce: Node.js, Supabase, Shopify

Tools: Git, GitHub, Figma, Vercel, Cursor, VS Code

EDUCATION

HBO-ICT, Software Engineering · Windesheim University of Applied Sciences, Almere

Final-year student — seeking graduation internship from February 2027. Completed an IT minor exchange semester at KMITL, Bangkok, Thailand.
